All alone my watch I'm keeping,
In the hazel dell;
For my darling Nelly's near me sleeping,
Nelly, dear, farewell!

In the hazel dell my Nelly's sleeping. Where the flowers wave; And the silent stars are nightly weeping, O'er poor Nelly's grave.

Hopes that once my bosom fondly cherished Smile no more for me;

Every dream of joy, alas! has perished,

Nelly, dear, with thee. All alone, &c.

Now I'm weary, friendless, and forsakeu, Watching here alone;
Nelly, thou no more wilt cheer me
With thy lovely tone.
Yet forever shall thy gentle image In my memory dwell;
And my tears thy lonely grave shall moisten,
Nelly, dear, farewell!
All alone, &c.

"Comparisons are Odious." Under the above caption, a smart little conte porary of ours thus pitches into the Sag Nich

The Southern Sag Nicht organs are endeavoring to be very witty at the expense of the America candidate for the Vice Presidency, Maj. Donelson They attempt to make him appear a very small man, by printing his name this way: ANDREW JACKSON donelson. This is "small wit," and altogether worthy of modern Democracy. Andrew Jackson, it must be admitted, knew his nephew better than any other man could have known him; better than any other man could have known him; he considered him not only worthy to bear his name, but worthy of his highest esteem and confidence, and the best depository of that priceless gift to him from Tennessee—his sword. The words of love and admonition with which he accompanied this heritage to Major Donelson have been seen, and the noble manner in which he has redeemed the pledge he made in accepting it, is well known to the country.

It is a bad rule that will not work both ways, let us apply the rule of large and small letters to some of the present great men of the Democratic party, and as wit originated in Georgia we will give that noble State precedence. nat noble State precedence :

ALEXANDER HAMILTON stephens! How does that look? Now while we accord to Mr. Stephens fine tylents and respectable statesmanship, we presume his warmest admirers, and we are one of them, will not say he is nearer the equal of the great Alexander Hamilton, the author of those matchless papers in "The Federalist," than Andrew J. Donelson is of Andrew Jackson.

JOHN ANTHONY quitman: But, we think we hear some Democrat who has got enough of this say, "quit man, for gracious sake!" and so we will. We might proceed, ad infinitum, to give examples, but as our opponents originated the idea—being the small idea and the small men party—we simply designed showing them how small their great men appear, when placed in the same category in which they place Major Donelson. All the names we have used above are those of gentlemen of respectable talents, but when a com-parison is drawn between them and the great men whose names they bear, they dwindle at once into

The German Press on Buchanan. The New Yorken Demokrat, the organ of a large

and highly respectable class of Democratic Ger-mans in the city of New York and throughout the State, has the following in regard to the nomina tion of Mr. Buchanan:

"Buchanan stands, therefore, in a double-face capacity on the great Cincinnati platform, and, if he should become the occupant of the White House, would have to betray one party; though which that may be will depend on circumstances. He understands perfectly how to adapt his garments to the weather. It is to be regretted that Mr. Buchanan was not nominated and elected President in 1852, because then he would have represented the party of the fugitive slave law, which had no important influence upon the freedom of the Territories.

"We do not believe that under his administ tion the Nebraska bill would have passed. At this moment he is the representative of that party which has committed all the atrocities in Kansas, and directly defends by its platform the extension of slavery. This will lose Mr. Buchanan many thousand votes, which otherwise would have beer given to the Democratic candidate. Even his name is not able to redeem this evil. Thousands of old Democrats will vote, not against Buchanan, but against the party which he represents; and this loss cannot be made up again from all those who spit upon the platform and vote for Buchanan."

The Kansas Subscriptions

The Kansas Subscriptions.

The Troy Whig calls upon the subscribers for Kansas to look out where their money goes, as it does not always get into good hands. When Ireland was in trouble, thousands of dollars were subscribed, but Ireland got nothing. When Kossuth was here \$100,000 were subscribed for Hungary, and Kossuth Scrip issued for part of it, but Kossuth tells us that he left the country "almost penniless," and Hungary got nothing from America and is more oppressed than ever. The Whig asks:

"Who believes that any considerable portion of the money now being subscribed 'fer Kansas' will ever be sent there? It will be expended, if expended at all, in paying off itinerant lecturers and

pended at all, in paying off itinerant lecturers and freedom shrickers, whose business it is, not to fight 'Border Ruflians,' but entertain a gullible public in the Middle and New England States with accounts of Kansas 'battles' which never took place, of the hanging of men who are still alive, and of the total destruction of towns which yet stand and flourish. 'Kansas' is the 'Woolly Horse' of the day, and Pomeroy and Shankland are his exhibitors. When spectators examine the fleece of the animal, they will do well to see that they are not fleeced themselves. Peace and order in Kansas is just what the Northern agitators do not

A REMARKABLE MOVEMENT IN THE UNITED STATES. The New Orleans Courier has an account of the meeting in that city, last week, of about 300 French and other citizens of foreign birth, to take into consideration measures for their own safety, with reference to violence which had been or may be perpetrated upon them. The Courier says:

A member of the meeting then referred to the killing of a Frenchman, named Girard, some days since at a coffee house, and stated that he was killed, not in consequence of any political question, as it was before the election, but because he was a foreigner! The speaker said the police had not arrested the murderer; that the police is either bad or inefficient; that the lives of foreigners are laced in peril, and that some measures are neces sary to secure to foreigners that protection which they now want. The remarks of the speaker were received with acclamation. The meeting declared received with acclamation. The meeting declared its members were willing to leave to Americans the management of their own affairs, and only asked for themselves security and protection. It was decided to present an address to the Government, at Washington, asking aid and protection for the foreigners, residents of this city, and another to the French government.

Hence it will be found a very superior and valuable remedy, in both acute and chronic diseases of the bowels, in Diarrhosa, Dysentery, Cholera Morbus, and Summer Complaints of Children. In all these complaints the liver is usually more or less affected, the stomach in an irritable, and the bowels in an inflamed condition. Among all the numerous remedies for these diseases, some of which are strongly recommended, this has proved itself, in every instance, to be the best, the surest, safest, and most effective of all. DR. BROTHERS' VEGETABLE EMETIC.
This Emetic exerts a very salutary influence over the animal economy, and removes diseases when other remedies fail.

The stomach is coated frequently with a viscid, tenacious fluid, which prevents the action of purgatives and other agents; in this manner the functions of this primary and important organ are so deranged that nothing will act beneficially on its living fibre; Cathartics pass through it and the bowels without removing any morbid accumulation, or restoring a healthy ione to these parts.

This emetic, from its peculiar combination, has a three-fold effect upon the system. When any morbid affection depends upon, or is connected with, overdistension of the stomach, or the presence of aorid or indigestible substances, vomiting gives speedy relief.

2. It not only thus dislodges from the stomach foreign and deleterious agents, but it produces a new action, and thus changes the secretions by its stimulating effects on the stomach, lungs, liver, &c.

3. In consequence of the intimate connexion between the stomach and the capiliary system, or the minute vessels of the surface, a most important and calutary effect is produced by the operation of vom-

of the system, by its Emetic. Hence it is recommended in every derangement of the digestive organs, in Dyspepsis, is Affections of the Liver, in bilious and febrile complaints, sick and nervous headache, loss of appetite, pulmonary disease, Croup or Hives, Whooping Cough, Incipient Apoplexy, Hysteric Fits, &c. These Pills are very efficacious in every case of Rheumatism, whether acute or chronic; and I am satisfied, from my own observation of their great efficacy in the worst and most obstinate cases, that they are not surpassed, if they are indeed equalled, by any other pills of the kind in existence; they attenuate viscid humors, remove obstructions, regulate the system, purify the blood, and thus cure the complaint. The Rheumatic Liquid used with the Pills, to bathe the parts affected, will very much facilitate the cure. When the case is very obstinate, and does not yield readily to the above medicines, a Syrup made from the Alterative Powder, (which can be obtained at the same place with the Pills and Rheumatic Liquid,) must be taken according to directions accompanying it; but in most instances the Pills alone, or the Pills and Liquid, will remove the complaint in a short time. digestive organs, which produces costiveness, or a derangement of the bowels, and consequently the Piles.

Most of the remedies now in use for this dangerous and painful affection, are directed to be applied externally; they do not remove the cause of the complaint, and can therefore afford only temporary relief. Again, the disease is often beyond the reach of aid from external applications, an objection to which this remedy is not liable, it being taken internally. It is perfectly safe, pleasant to take, mild and easy in its operation, and affords immediate relief.

We have not heard of a single case in which this medicine has failed either to produce speedy relief, or to cure the complaint.

It is equally efficacious in curing both the Blind and Bleeding Piles. If the bowels are left costive after the use of this medicine, a little physic may be taken to regulate them. Having been trying the All-Healing Ointment in some very bad cases of Piles, I hesitate not to assure the afflicted that it is a very valuable medicine, and an inestimable auxiliary to the Electuary. I consider it the best external application, I have ever known. The Electuary is an internal remedy, and the Ointment as an external application, used in connexion, I doubt not would be effectual in the most obstinate cases, and must surpass in all instances any ether remedies for Piles to be found. Certificists of Dr. W. Smith, of Pins Hill, Rich mond County, North Carolina.

PINE HILL, March 4, 1854.

Dear Sir: I have been a subject of Dyspepsia, in its worst form, for the last five years. Such was my condition for twelve months that the physicians and all who saw me said I must die. While in this condition, I was carried to the watering places in Virginia, Tennessee, and North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Rutherfordton, a small village in North Carolina, to try the effect of some Chalybeate water in that place. About the last of the week I went into a drug store to get some medicine for my child and myself. There were several of the village physicians in the store, and one of them seemed to take some interest in my case, and, after asking me some questions, said he had been a dyspeptic, and had been greatly benefited by the use o "Hoofland's German Bitters," prepared by yeu, and he insisted that I would try the Bitters. He also called the next day at my room, and insisted so much that I would try them that I asked him to get me one bottle. He did it, and I commenced taking it as directed, and I was more benefited by it than all the water and medicine I had ever taken.

After reaching home, one of my neighbors came to me for a prescription and medicine, the a dyspeptic, and I gave him nearly all the Bitters I had left, which effected much good in his case. He has often called on me for more of the some kind of medicine, saying he was more benefited by it than any other he had taken, but I have not been able to get any more for him or myself since. Will you, therefore, please ship me a dozen or more as soon as possible.

Respectfully, yours,

D. R. Hooker, Roger's Store, Wake county, North

"Having experienced very great benefit from the use of Hoofland's German Hitters, in Chronic Dysentery and Functional Derangement of the Liver, and its concomitant evils, I am desirous of obtaining a quantity of it for the benefit of my community. You will, therefore, please send a lot, &c."

CERTIFICATE OF WM. J. ATWOOD.

HUNTSVILLE, YARKIN CO., N. C.,

November 1, 1855.

Dean Sir: Allow me to express to you my sincere thanks for your discovery of a medicine which, to say the least of it, has effected a cure that all other medicines that I have taken have entirely failed to do. Hoofland's German Bitters have cured me of the most stubborn and aggravated case of the Piles that perhaps ever fell to the lot of man. My case is not a stranger in this community, as I am well known in this and the surrounding counties, and can truly say that my recovery has astounded all my friends and relations, as I had tried everything recommended, and nothing did me any good, until I was prevailed upon to try the Bitters. You are at liberty to make any use of this communication, for the ber efit of the afflicted, you may think proper.

Truly, yours,

WM. J. ATWOOD.

Dr. C. M. JACRSON.

the Liver, Stomach, and general system. Ar an antibillous and alterative physic, this medicine

HAS NO EQUAL IN THE WORLD.

I have used it constantly in my practice for upwards
of ten years in all cases where a good physic and alterative was required, and would not now do without
it. It is the Physician's Assistant, as well as the safest
family medicine in use. Children drink it with pleasure. It will not nauseate the weakest stomach. It
produces no griping, but operates easily, thoroughly,
and is sure to eradicate all impurities from the system if it is properly taken. Already thousands of
living witnesses are ready to testify to its superior
virtues, independent of its purgative and anti-billous
qualities. It has cured the worst cases of Erysipelas
in a few days. It is a never-failing cure for Headache, Liver Complaint, Jaundice, Kidney Complaint,
Bilious Fever, Pains in the Side, Back, Breast, and
Limbs, Colds. Cramps, Worms, Lumbago, Blotches
on the Skin, Pimples, Cutaneous Eruptions, Obstructions in the System, Constipation of the Bowels, Dizxiness, Mercurial Diseases, Pleurisy, Female Irregularities, Bowel Complaints, Ulcers of all kinds, &c.
It cleanses by its superior medicinal virtues, the ulcerous humor from the blood and corrupt bile from
the stomach, carrying it off through the natural
channels; it invigorates the blood and leaves the system healthy. I ask my friends to test the above
medicine, and pronounce a verdict as they shall be
impressed by the evidence. Those who know me
professionally will not doubt its worth.

Since its first introduction, no medicine has attained such wonderful popularity, and its sales have increased beyond the most sanguine hopes of its friends.
Neighbors recommend it as a safe and unequalled
physic! Physicians carry it with them, Children
will take no other after one trial, and parents should
use no other in their familes. People living in low
and marshy countries, subject to deadly missmas,

"REMEMBER THE TEA-POT!"

WRS. SMITH set her Tea-Pot on the "Wouldn't stand the fire" till she saw it run. She screamed as it disappeared, and fell back in convulsions. Every remedy was administered, but nothing would restore her. At last, her husband said he would call at FRANCIS'S, on Seventh Street, and buy her one of his Fire-proot Tea-Pots, when she was observed to smile. In the morning, after starting away, Mr. Smith looked back, and saw her standing in the door. For a moment he listened. It was that same musical voice, "My dear, remember the Tea-Pot!" jan 11—rt

GLENWOOD CEMETERYOffice No. 292 Pennsylvania avenue,
Corner of 10th street, over the Savings
Bank.

THIS Cemetery is laid out on the plan of
the celebrated Greenwood of New Yerk, and
situated on the high ground, distant one and a quarter miles north of the Capitol, North Capitol street
leading directly to the gateway. This Company have
received a charter from Congress, appropriating their
ground forever to burial purposes, making a fee title
to the purchaser, and prohibiting all encroachments
from legislation or otherwise; which is of vast importance to those who wish their dead to repose where
they have placed them, for it has become a custom in all
cities, when the burial ground has become valuable
for other purposes, to sell it, and throw the dead promiscuously into one large pit, and legal measures cannot prevent it, as no titles are given to the ground.

N. B. Office open from 10 to 12 A. M., where pamphlets containing the charter, by-laws, and a map of
the grounds, and all other information can be octained. All orders left with Mr. JAMES F. HARVEY, No. 410 7th street, or any other Undertaker,
